Dear Certification Bodies,

Refer to the advisory dated 14 March 2013 of Advisor (NAB) regarding time limit of issuance of T.C. We understand that the CBs are taking 30 days to issue an export TC even after submission of the shipping documents . In view of this status ,you are advised that CBs should issue the TC within 3 days of submission of shipment documents .

Regarding stock verification, any stock of the previous year is required to be verified by the CBs during the inspection of the Operator and closed before the renewal so that the balance is carried forward in the new scope of the operator..

Any request for old stock updation during issuance of TC will not be considered. The backdated invoice or the request for backdated TC for the product transfer will not be considered.

With regards

Dr. PVSM Gouri

Advisor NAB
