Dear All,

This is to inform that option has been made available on Tracenet for updation of details of Ayush License for new and existing processing units.

Certification Bodies may kindly upload relevant information on Tracenet for operators handling ayurvedic products.

Kindly note that it will be the responsibility of the Certification Bodies to verify the license document and the information entered on Tracenet system. Since, this was already informed to all Certification Bodies on 11.01.2019 through APEDA advisory in the log in of Certification Bodies, this shall be treated seriously.

Regards,

Reeba Abraham
