DEPARTMENT.**

SUBJECT: REGISTRATION DETAILS OF ICS ON TRACENET.

Dear Sir / Madam,

Greetings from NOCA.

This is with reference to the above cited subject. We have received communication from APEDA regarding legal status and registration details of ICS to be entered at tracenet, which reads as "every ICS should have unique name and registration number (as NGO / Self-help group / Trust, etc)". Kindly note that as per tracenet and group certification norms each ICS of 500 farmers is a separate entity. The promoters has to submit details of registration of each ICS of 500 farmers at the time of renewal of certification, ICS names such as A,B, A1, A2 are not allowed henceforth.

In light of this situation all registered clients are requested to take note of the changes in the system requirements, clients who have not registered ICS are required to do so before the renewal of 2012-2013 certifications. Further delay in entry of registration details will interrupt issuance of scope certificates which may lead to financial loses, we herewith once again request you to kindly comply with the system requirements at the earliest to avoid further inconveniences.

In case you have any queries do contact our certification department, we will be happy to assist you. You can contact Dr. Jayprakash Sakle Cell: 088888 74367, Email: jaysakle@noacaagro.com

Looking forward for your cooperation and urgent action,

Thanking you,

Yours Truly,

Sanjay Deshmukh
